

Hyosung is a world leading convenience deployment brand. The **5600T** allows complete deployment flexibility and a broad range of non-traditional offerings. Ideal for in-branch or off premise deployments, the **5600T** offers the best in class solution when high availability, security and high capacity are required.

KEY FEATURES

HIGHEST AVAILABILITY

Innovative design and the use of Hyosung manufactured core technologies allows for fast, easy replenishment and reduced downtime.

The **5600T** is designed to provide reliability that is unequaled in the market, with minimum maintenance and maximum uptime.

HIGH CAPACITY

The **5600T** has high capacity, cash dispense capability and the ability to support large volume transactions.

FLEXIBILITY

Designed with an open architecture platform, the **5600T** allows for easy future upgrades and module modifications.

The **5600T** features a small footprint and compact design.

FUNCTIONALITY

The **5600T**'s expanded functionality includes bill payment and funds transfer, in a highly user-friendly interface, for maximum convenience.

SECURITY OPTIONS

Hyosung ATMs defend against physical and logical attacks with a multi-level locked down operating system, white-listing, encryption, and anti-skimming.
